## PROFESSIONAL SUMMARY

---

Motivated by a strong interest in technology, I completed a comprehensive Full Stack Development program with emphasis on Angular, JavaScript, HTML, CSS, and advanced Python. Currently, I'm gaining hands-on experience as a Full Stack Developer intern, contributing to the development of responsive and interactive web applications.

## SKILLS

---

- **Programming Languages:** JavaScript, Python, Java
- **Frontend Development:** JavaScript, Angular, HTML, CSS
- **Backend Development:** Node.js, Python (Django)
- **Databases:** MySQL, phpMyAdmin, Basic SQL
- **Tools & Technologies:** WampServer, Git, Visual Studio Code

## EXPERIENCE

---

### Full Stack Developer, Postulate Info Tech, Intern

Feb 2025 – May 2025

- Worked on both frontend and backend development using HTML, CSS, and JavaScript.
- Assisted in building web applications using Node.js and Django frameworks.
- Wrote SQL queries and managed databases for storing and retrieving application data.
- Helped integrate APIs and contributed to deploying web applications to live servers.

## EDUCATION

---

### Bachelor of Technology (Information Technology)

Loyola Institute of Technology

June 2020 - May 2024

CGPA 7.59/10

## PROJECTS

---

### TRUSTWORTHY URI: Enhanced the data on the web reliable and immutable

Jan 2024 - April 2024

- Developed a secure system to enhance data reliability and immutability using URIs.
- Ensured data integrity with cryptographic protocols and prevented unauthorized changes.
- Used Python, HTML, CSS, and JavaScript for backend, frontend, and dynamic features.

### Siyon Parvat – Frontend Developer, Intern

Feb 2025 - May 2025

- Built **My Profile**, **Home**, and **Layout** pages with HTML, CSS, JS, and TypeScript.
- Collaborated with the backend team using Python, Django, and Node.js.
- Handled database operations using PHP for backend connectivity.

### Personal Portfolio Website

April 2025

- Built a responsive portfolio using HTML, CSS, and JavaScript.
- Showcased skills, projects, and contact info.
- Added smooth navigation and interactive UI elements.

### Amoura – e Commerce

May 2025

- Built a stylish online store using HTML, CSS, and JavaScript.
- Crafted an interactive, mobile-optimized user interface for browsing fashion products.
- Integrated key features like item filtering, cart updates, and smooth navigation.

## ACHIEVEMENTS

---

- **Associate Secretary, Rotaract Club at LIT** – Organized events and coordinated community service activities, demonstrating leadership and organizational skills.

## CERTIFICATIONS

---

- Full Stack Web Development – Udemy
- Full Stack Web Developer Internship – Postulate Info Tech
